## OBJECTIVES

Aspiring software developer passionate about leveraging technology to solve real-world problems. Seeking to contribute to BBD's innovative team while further developing my technical skills and gaining practical experience in modern software solutions.

## PROFESSIONAL EXPERIENCE

### Junior IT Lecturer | Richfield Private College | March 2024 - Present

- Delivered lectures in programming (Java, python, and PHP), database systems, and computer architecture.
- Designed training and assessment instruments to align with module outcomes.
- Provided one-on-one mentorship and career guidance to students.
- Administered LMS activities and generated detailed attendance and engagement reports.

### Software Development Intern | MiWay Insurance Company | February 2023 - January 2024

- Built dynamic web applications using PHP, JavaScript, and Symfony Framework.
- Collaborated with cross-functional teams to optimize SEO and enhance user experiences.
- Improved system efficiency by designing bespoke CMS solutions tailored to business needs.
- Conducted database validations and used Git for version control.

## EDUCATION

- Bachelor of Science Honours in Computer Sciences | University of Limpopo – June 2023
- Bachelor of Science in Mathematical Science | University of Limpopo – June 2023
- National Senior Certificate | Kgolouthwane Secondary School | 2017

## **KEY ACHIEVEMENTS**

- Gained practical experience working in collaborative teams during internships and academic projects.
- Proactively developed coding projects outside formal education, available on GitHub.
- Integrated reporting tools like SSRS to enhance data-driven decision-making.

## **TECHNICAL SKILLS**

- Programming Languages: Java, C#, Python, JavaScript, SQL, PHP
- Development Tools & Frameworks: Git, Visual Studio, IntelliJ IDEA, PHPStorm, Symfony, .NET, Vue.js
- Database Management: Oracle PL/SQL, MySQL, MongoDB
- Web Development: RESTful APIs, AJAX, HTML, CSS, responsive design
- Version Control: Git (SourceTree)
- Modern Development Practices: Test-Driven Development, Agile methodologies

## **PERSONAL ATTRIBUTES**

- Analytical mindset with a problem-solving approach to software challenges.
- Disciplined and adaptable with strong administrative skills.
- Passionate about coding and creatively solving software challenges.
- Effective team player with excellent communication skills.
- Demonstrated ability to manage time effectively under pressure while ensuring accuracy.
